Summary

I am enthusiastic about technology, attracted to trends and implementing them as solutions. Through some proficient skills in programming languages and technology, I cultivate my ideas in various fields and use them to build solutions. I excel in competitive programming and data structures. Through these foundations I can make my ideas live in the horizon of life and technology. .

Education

VIT-AP University

BTech in Computer Science

Oct 2022 – Jun 2026

- CGPA: 8.74/10.0

Projects

Brain Tumor Detection using CNN

- Designed a CNN model to detect brain tumors from MRI scan images.
- Used pre-processed data to classify scans into meningioma, glioma, and non-tumor categories.
- Improved accuracy through effective feature extraction and model training.

Zomato Data Analysis

- Cleaned and pre-processed the Zomato dataset for analysis.
- Analyzed customer preferences and restaurant trends.
- Generated insights to support data-driven decision-making.

Banking Application

- Built a simple banking application using REST APIs.
- Implemented features for account creation, deletion, deposits, and withdrawals.
- Ensured smooth transaction handling with basic validation and logic.

Technologies

Languages: Java, Python, SQL, R

Course Works: Data Structures and Algorithms , Analysis of Algorithms , AI-ML and Deep Learning, OOP, Computer networks , Operating Systems, Debugging, Code review, Software Development Life Cycles, Unit testing.

Tools: Microsoft office , MySQL and VS code , Git

Cloud Tools: AWS and Microsoft Azure (AI)

Certifications and Achievements

AWS Certified Cloud Practitioner : Implementing with AWS cloud services like Amazon EC2, Amazon S3, Amazon VPC and Amazon RDS. [Link](#)

Microsoft Azure AI Fundamentals : Implementing AI algorithms and models through Azure. [Link](#)

NPTEL CS82 : Certified for Software Conceptual Design and scored 95 out of 100 and secured Topper badge and Top 2 % among certified candidates [Link](#)

Coding Platforms: Solved 100+ DSA Leetcode problems Solved 50+ problems in HackerRank , CodeChef and InterviewBit.

Non technical Skills and Participations

Communications: Group discussions and presentation

Clubs and Chapters: worked as Internal Affair member for Microsoft student chapter MSC-VITAP chapter maintaing the progress and communication mutual.

Bootcamps: Attended two day bootcamp of LLM security which was held by college in collaboration with IIT madras.

Communicating Languages: **Telugu,Hindi** - Native/Bilingual **English** - Professional proficiency. **Spanish** - Elementary proficiency.
